We wish it understood that none of our 42 local carriers with regular subscriber routes are allowed to sell papers while on their delivery routes. Unfortunately we have found it absolutely necessary to make this rule.

Many carriers are thoughtlessly importuned to sell papers thus. Please desist as such is thoughtlessly tempting a boy to break a rule and is positively unfair to the boy himself, as it is being a party to the attempt to corrupt, instead of being a manly help to these youngsters who will be real and honest men if you do not make yourself responsible otherwise.
